Special Thanks from Eleanor Johnson

Where do I begin? As the song says...

- *Shannon and Madeline Barrett* - We continue to grumble - you continue to encourage. Thank you for believing in us and taking us to new heights. The Barrett girls are THE BEST!
- *Dan Thomson* - What a great addition to our team! Thanks for your patience, insights and kind ways. It's been wonderful working with you.
- *Troy Mercer* - Thanks for answering my call for help when I know your life was sooooo full with school, work, and family. You're a wonderful gift to the Chorale and we're so thankful for your part in these shows.
- *Mike Frasetti* - Thanks for your willingness to try something new and for the endless changes, tweaks, etc. that were necessary to make the great arrangements you did for the Chorale. It was wonderful working with you and we couldn't have done this without your help.
- *Barbara Hoehne, Charles Hudson, Graham Johnson, Anita Murcko, Margaret Neno, Michelle Rorvig, Pam & Frank Thompson, Karen & Gary Thomson* - this group is all about volunteerism. Thanks for your leadership, direction and servant hearts.
- The dedicated *Members of the Chorale* - Just when I thought you'd been stretched to the limit - you go & do it again! What an amazing group you are!
- The *Families* of these wonderful Choristers - for giving up family time so they could participate. They're yours for a few weeks! ENJOY!

I can't tell you how much joy you've given me over the years (plus a few grey hairs.) Your hard work and dedication to excellence have paid off!

Happy 85th Birthday Herbie!

Department of Biomedical Informatics

Join us. bmi.asu.edu

Get your degree in Biomedical Informatics!

Biomedical informatics (BMI) is a field recognized as increasingly essential to the advancement of the health industry. Skilled professionals in BMI are able to analyze and translate large amounts of health data, including research, into meaningful solutions that improve health care delivery and patient outcomes.

The **Bachelor of Science in Biomedical Informatics** integrates computer science, information technology, logic and reasoning, cognitive science, and other quantitative and technical methods, with biomedicine and health care delivery. This program will prepare students to effect positive changes in health care systems and settings through the analysis of patterns and trends in health data. Students can then apply that understanding to drive efficiencies in the way health is delivered today and in the future through predictive modeling. Students will also be have the necessary foundation to enter BMI graduate programs that will prepare them to assume leadership positions in health and other professional organizations.

Settings in which you may be employable:

- Health care agencies within federal and state governments
- Hospitals and health systems
- Community health centers
- Physician practices and clinics
- eHealth and medical diagnostic companies
- Health information technology system providers
- Health insurance companies
- Pharmaceutical companies
- Consulting services

What can you do with this degree?

- » Directors of Medical Informatics
- » Chief Nursing Information Officer
- » Project Manager
- » System Designer
- » Application Developer (Mobile/Desktop)
- » Health Information Technology (HIT) Consultant or Trainer
- » Medical Informatics Specialist
- » Clinical Systems Analyst

NEW DEGREE, FALL 2014
Classes will be held at ASU Tempe Campus

A Mother's Day Dedication to Momma "B"

For Barbara Hoehne, with love from her adoring children

So many ways to write this poem, I'm not sure where to start.
I thought of using some big words, to make myself sound smart.

So many things I want to say, but oh so little time.
So many things to share with you, and now they have to rhyme.

I know just how I want to sound, and how it all should be,
But the many different ways I tried, none sounded quite like me.

So with that said, I'll take a chance, and do this my own way.
Cause words spoken from the heart, are the truest ones to say.

Mom, you gave us more than life, you taught us how to live.
You gave to us so many hours, when you had so little time to give.

You encouraged us to be ourselves, and let us have our fun.
You let us have our freedom, as long as we were home, before the setting sun.

Sometimes you had to punish us, for doing some strange things
Like making giant spider webs, out of Dad's old fishing strings.

Or like the time we thought it funny, to lock out our little sis,
And yet you still loved us, and forgave us even this.

You could always make a gourmet feast, from whatever you had near.
So many times I've tried the same, but end up with pizza and beer.

You always kept our clothes so clean, and that's no easy chore.
Since one of our favorite things was mud, after a good downpour.

You always let us just be kids, and run and shout and play.
Regardless of the havoc it wreaked, on your own sanity.

You had a sense of humor that we would always test.
Like when we found a snake or bird that had fallen from its nest.

Well today's the day to show you Mom, just how much we really care.
But with all the things you do for us, one day does not seem fair.

So know this mom that though this day comes round just once in May
We celebrate you and the love we share on every single day.

"All the World's a Stage..."

North Valley Chorale

The North Valley Chorale (NVC) is a voluntary, non profit (501 (c)(3)) organization dedicated to the **cultural, musical, and social enrichment** of metropolitan Phoenix and its surrounding communities. Our sponsors, donors, advertisers and volunteers help us achieve our mission. Join us!

We serve all segments of our community by providing affordable and accessible performances of choral music from many traditions, eras, and cultures. Our repertoire ranges from classical to pop and Broadway.

We reach out into the community to serve and lift up those who are suffering and in need. During the holidays and throughout the year we share the gifts of music, companionship and goods with those who are needy, ill or homeless and their caregivers. This season we are proud to partner with UMOM shelters, the Banner Alzheimer Institute (BAI), St. Matthew School and several senior living communities. We are proud to be *"the choir that cares."*

We are still looking for a few good singers. NVC practices on Wednesday evenings at the Phoenix Boys Choir, 1131 E. Missouri Ave, Phoenix, AZ. Visit us on the web for more information about the NVC. Call (602) 992-7095 to schedule an audition.
